Hi Su

Just a short note to thank you and John for organising the trip through Africa (Zimbabwe to Cape Town) for us. We had the most sensational time, even the adrenalin rush we got from going up to Katse Dam and Sani Pass couldn't deter us from doing it all over again! Lots of laughs when we eventually got to our destinations for the night and those wild animals close by was an incredible experience.

The accommodation was amazing and the people we met, including old friends from previous trips, made our holiday even better!

Let me know when you have the itinerary for the Malawi trip in 2018 as we are keen to do that!

Cheers and all the best,

Janice and Greg Jansen
