

the MOTO ADVENTURES

x Sideburn Safari EXPERIENCE

What a week! I can't imagine a better way to experience the Moroccan backcountry than with John, Su, Hussein, and Said. Their fleet of bikes is an absolute marvel, top of the line KTMs to hurtle you through the mountains and desert.

John is the perfect host; dry, matter-of-fact, and most importantly, competent. The logistics of the tour run very smoothly and the end of every grueling day is met with comfort and real Moroccan and Berber character.

If you like dirt bikes - do it.

If you like exploring - do it.

If you like seeing a slice of what very few others will ever see - do it.
